- Check the specific item types within each formula to verify the on-time date. Students who did not meet the priority dates above are packaged on a funds available basis (this includes students attending spring semester only).

#### WCG & CBS Interaction Rules

Per State policy, there is 100% coordination between College Bound Scholarship & Washington College Grant Awarding. Regardless of Institutional priority deadlines, CBS eligible students will be awarded for the maximum WCG award they are eligible for up to 65% MFI within available WCG resources. Students within 66%-100% MFI, must be awarded their WCG eligibility (CB award is not included for this group). CBS student prioritization within WCG for maximum WCG awards will not be impacted or reduced by institutional gift equity policies or by institutional WCG-based prioritization policies, such as prioritizing by MFI level.

#### State Aid Award Order

WSU awards state financial aid in the following order (assuming the student meets all eligibility standards for the program in question). Note that if a College Bound awarded student is receiving Passport Scholarship, the College Bound award will be cancelled off.

1. Washington College Grant (WCG)
2. Passport to College Promise Scholarship
3. Other state grant funds
4. College Bound Scholarships (CBS)
5. State Work Study (SWS)

### Work Study Awarding

Work Study awarding is not included in automated packaging but to be considered for possible funding eligibility, the following applies:

- Student meets the priority Packaging Priority Filing Deadlines (refer to chart above).
- Student has checked on their FAFSA they wish to be considered for Work Study funding
- Student has to have an Actual Financial Aid Award with at least \$4000 of unmet need eligibility
- Student must find an approved Work Study job
- Student's completed WSAF is processed and they are manually awarded Work Study by the Work Study Program team, with Vancouver, Tri-Cities and Spokane staff posting their own Work Study Awards

### WASFA Awarding – Washington College Grant & Cougar Commitment

Students who qualify for Washington College Grant & Cougar Commitment Award through the WASFA process are awarded this funding source through the WASFA Packaging Plan. WCG funding eligibility is based off WSU's packaging policy for awarding these funds (priority dates, MFI ranges and limits). These students are not eligible for funding sources awarded from the FAFSA.

### Fall Only Financial Aid Packages Guidelines

- Loans are prorated at the time of packaging, most students will be packaged assuming fulltime enrollment often with a full year package as many do not apply to graduate in fall until after packaging has happened.
- In the case where a student is going from a full year package to fall only, all of their aid, including loans will be adjusted to the allowable amount for fall semester.
- If student is a resident receiving the \$100 SEOG award, this amount is cut in half to \$50.

- For Loans, the student is eligible for half of the full year amount.
- If a student is awarded a full year scholarship, forward the student information to the scholarships team to assess what change will be needed.
- If a student goes from a fall only to a full year (no longer graduating) their package has to be repackaged manually by the packaging team.
- Students changing careers between terms are repackaged by the packaging team.
